- ✓ Full-bleed, edge-to-edge print
- ✓ Fast turnaround for event deadlines

Poster Print

Poster printing at unbeatable pricing.

- ✓ Gloss lamination — sleek shine, or matt lamination — smooth & non-glare, won't fade
- ✓ Foamboard (5mm) — lightweight, double-sided tape install
- ✓ PVC sheet (1/2/3/5mm) — sturdy, for permanent fixtures
- ✓ Kapaline board (3/10mm) — lightweight, common for POSM

Framed Print

Printed, mounted and framed, ready to hang.

- ✓ Foam board, PVC or aluminium composite mount
- ✓ Aluminium or wood frame options
- ✓ Anti-glare or gloss laminate
- ✓ Wall fittings included

Lightbox Sticker Printing

We don't just produce quality prints — we fabricate lightboxes too.

- ✓ In-house CMYK printing, sharp under backlight
- ✓ Lightbox sticker — premium translucent sticker with lamination, mounted on acrylic or twinwall
- ✓ Lightbox film — highly customisable sizes, matt finish to prevent glaring, 9oz banner or 15oz artist canvas
- ✓ Lightbox banner — send the artwork, printed within 48 hours

Signboard

Acrylic, backlit, frontlit, lightbox and neon signs — fabricated and installed by our own team, start to finish.

Acrylic Signage

Clean, modern, laser-cut precision.

- ✓ Cast or extruded acrylic, 3–20mm
- ✓ Laser-cut with polished edges
- ✓ Flush-mount or stainless steel standoffs
- ✓ Painted, printed or clear finish

Backlit Signage

Glowes evenly, day and night.

- ✓ Internal LED module wiring
- ✓ Translucent acrylic or fabric face
- ✓ Even, hotspot-free light diffusion
- ✓ Weatherproof for outdoor use

Frontlit Signage

Bold in daylight, external spotlighting after dark.

- ✓ Aluminium composite or acrylic face
- ✓ External LED spotlight fittings
- ✓ Full-colour print or cut vinyl
- ✓ Budget-friendly vs backlit

Lightbox Signage

Slim frame, swappable graphics.

- ✓ Slim aluminium frame (25–100mm)
- ✓ Snap-open or push-fit graphic change
- ✓ Single or double-sided options
- ✓ Wall, ceiling or freestanding mount

Neon Signs

Creating a neon signage has never been easier.

- ✓ Flexible tube, bends into any logo or script
- ✓ Comes in many different colours
- ✓ Weatherproof — suitable for outdoor use, rain or shine
- ✓ Minimal servicing required, long lasting up to 50,000 hours

Window Films

Frosted film, solar film and safety & security film — for storefronts and offices.

Frosted Film

Quality films that last.

- ✓ Durable adhesive — lasts more than 10 years
- ✓ Suitable for residential & office use, bathroom or direct sun
- ✓ Free installation service
- ✓ Opaque for privacy while letting light through

Solar Film

Solar window films to protect you from UV rays.

- ✓ 99% UV elimination, 80% heat reduction
- ✓ 100% clear visibility, evenly dispersed natural light
- ✓ 4 mil (thinner) or 7 mil (thicker) film options
- ✓ Prevents colour fading & interior damage

Safety & Security Film

Safety window films to protect your family.

- ✓ 99% UV protection, 100% clear visibility
- ✓ Prevents glass from shattering & spreading
- ✓ Deters smash-and-grab theft
- ✓ 4 mil (thinner) or 7 mil (thicker) film options

Fluted Film

Reeded-glass texture, without replacing the glass.

- ✓ Available in 6mm rib (AT-C006) and 15mm rib (AT-C004)
- ✓ Semi-transparent — softens the view while letting light through
- ✓ Self-adhesive, applied directly onto your existing glass
- ✓ Durable finish — won't peel, bubble or discolour

Gradient Frosted Sticker

A soft colour fade for glass, without full frosting.

- ✓ Dotted gradient or smooth (normal) gradient pattern
- ✓ Single-side or double-side visible finish
- ✓ Self-adhesive, fitted to your panel size
- ✓ Custom fade height — you choose where the gradient starts
